SHORTAGE OF COAL MAY BECOME ACUTE

BOARD OFFERS SCHOOL SUPPLY IN CASE OF NEED

NO SURPLUS IN THE CITY

Dealers Have Only a Few Tons That Are Being Held for an Emergency

While there is no real cause for alarm over the coal shortage in Maryville just now, the situation may become acute in a short time if no change occurs.

Mayor Garrett is making an effort today to release two cars of coal that have been held on the railroad tracks since the federal order came rescinding delivery to dealers. One car will be requisitioned for the city water plant, which has less than a week's supply on hand.

C. C. Hellmers, manager of the Maryville Light & Power Company, reports only a very limited supply on hand. Both water and light plants have used the strictest economy in fuel since the first intimation of coal shortage.

The city school board has told Mayor Garrett that they would turn over to the city all that could be spared from the school supply. There is practically enough on hand to operate the school heating plant for the greater part of the season and if necessary a quantity of this could be released in case of actual need. The plan of the board was to turn this supply over to the mayor to be distributed as he considered best.

The State Teachers College has only a small supply on hand, but are hoping for the release of a car for the college which is now being held on the tracks at Pattonsburg.

There is practically no surplus coal in the city at present. The dealers have only a very small amount on hand and are holding this for cases of emergency and actual need.

Two families were reported yesterday as without more than a day's supply, but none have yet reached the point of dire necessity.

Elks Memorial Service.

The annual memorial services for the Elks Lodge will be held at the club house Sunday afternoon December 7th. W. J. Montgomery, Dr. Earl Braniger and Ed Schumacher have been appointed on the committee to make arrangements for the affair.

Mrs. Anna Todd and Miss Helen Todd went to St. Joseph this morning to spend the day.

Miss Lavisa Swinford and Miss Ethel Ray will go to St. Joseph tomorrow morning to spend Saturday and Sunday with friends.

LEE BIRD HELD ON A MURDER CHARGE IN KANSAS CITY

Nephew of Judge Daniel Bird is Accused of Killing Fred Reed In That City

Lee B. Bird, a nephew of Judge Daniel E. Bird of the circuit court of Kansas City, was charged yesterday with the murder of Fred Reed, night manager of a restaurant in that city, early in the morning of Oct. 28. Bird is a son of F. A. ("Pat") Bird, booze-selling druggist in Kansas [illegible]. The following is from the Kan[illegible] Star:

Reed died early today at [illegible] Hospital from a revolver sho[illegible] Bird in a quarrel with Reed, is said, tried to prevent Bird fro[illegible] ing insulting language before M[illegible] Reed in the restaurant.

Bird was arraigned before Justice John George, pleading not guilty. His preliminary hearing was set for November 15. He was released on a $15,000 real estate bond signed by Harry Blitzstein, a junk dealer near Sixth street and Grand avenue.

Another incident in the life of a bully may characterize the climax of young Bird's actions on the morning of Oct. 28. While he was charged today with first degree murder by the prosecutor, his name was called by the bailiff in the South Side court on a peace disturbance charge brought by J. S. Groom, 2827 East Fifty-ninth street.

Bird did not appear for trial and neither did Groom, who was not notified by the police the trial was scheduled today. Groom, when called today at the Ismert-Hincke Milling Company, where he is employed as a packer, told of an attack made on him by young Bird shortly before the shooting of Reed.

"I was standing in Pat Bird's drug store waiting for a street car to go home. It was about 12:30 o'clock the morning of October 28. Bird came to me and told me to leave the store, as he was about to close. I stepped outside.

"After young Bird had locked the store he came up to me and said, 'I guess it made you sore when I asked you to get out of the store.'

"I didn't answer him as I realized he was drinking. He then drew a revolver and struck me in the face. He knocked me down three or four times and kicked me. A man came up and asked him to quit beating me. I then caught my car to go home, where I had my wounds dressed.

"November 3 I went to the South Side court and asked for a warrant for Bird. It was issued, but I have never been notified by the police of its service or when the trial was set."

Judge Edward J. Fleming continued the case in the South Side court today to November 13.

To Attend Sister's Funeral.

Arch Carter left last night for Hannibal, Mo., to attend the funeral of his sister, Mrs. Walter Clark. Mrs. Clark died yesterday in Denver, Colo., where she had been for some time seeking health improvement. The body will be brought to Hannibal for burial. Both Mrs. Clark and her husband have visited the Carters in Maryville and are known to quite a number here.

Blanchard Wins Game.

The Elmo football team played the Blanchard team at the latter place yesterday and the score was 8 to 0 in favor of the Blanchard team.

Washington, Nov. 7.—The condition of Senator James Reed of Missouri was greatly improved this morning. Senator Reed has been ill with a severe cold since Wednesday.

TWO CELEBRATIONS ON ARMISTICE DAY

BARNARD AND RAVENWOOD TO HONOR SOLDIERS AND SAILORS

IS HOME-COMING EVENT

All Men of Jackson and Grant Townships in Service Are to be Welcomed There

Barnard and Ravenwood are to hold celebrations on Tuesday, Armistice day and are preparing quite a program in honor of the soldiers and sailors. The event at Ravenwood is the homecoming of all the soldiers and sailors of Jackson township, and there will be a parade headed by the Hugh McNutt band of St. Joseph, forty automobiles, all school children in the township, Red Cross ladies, Boy Scouts in uniform. A dinner will be served at noon free to all and in the afternoon there will be patriotic singing and speeches by Ensign Mary J. Potter, J. R. Clay and others.

The following about the celebration at Barnard is taken from this week's issue of the Bulletin:

When it comes to patriotism the soldiers and sailors of the community of Barnard are right up on the firing line and are going over the top with pep. At a meeting of a number of boys Tuesday evening it was decided to hold some kind of a celebration on Nov. 11, Armistice Day, and it was agreed that a box and pie supper would perhaps be the best arrangement to have and would bring in the most direct benefits to needy organizations. It was decided to hold a box and pie supper and to turn the proceeds over to the Red Cross and Salvaton Army. A program is being arranged which will be varied in character and will probably consist of music, speeches by local men and some of the boys and perhaps a few humorous numbers.

RETURNED ARMY CHAPLAIN TO LECTURE AT CONCEPTION

Rev. Father Ambrose Home After a Year's Service Abroad; Will Return to Army

A box supper will be held at Conception on Tuesday evening and a lecture by the Rev. Father Ambrose, for many years a member of the Conception Abbey, though mostly engaged in misson work, will be given. Father Ambrose returned home recently from France, where he served for more than a year as a U. S. army chaplain. He will be at Conception until about Nov. 15, when he expects to be called back to the army.

EXCELSIORS AND PHILOS GIVE PROGRAMS AT COLLEGE

Discussions Given to Overseas Service, Red Cross and Peace Treaty Topics

The Excelsior literary society of the State Teachers College held their meeting yesterday afternoon and the program consisted of giving the society song, a talk by Mrs. Early on the terms of the peace treaty and a talk by Miss Frances Holliday on November 11, 1918, armistice day.

At the meeting of the Philomathian society held yesterday afternoon, Jasper Adams told of his experiences in France, having been in the service overseas. Miss Carrie Coler spoke of the Red Cross in America and Prof. C. E. Wells on Red Cross work.

WOULD BRING PEACE BETWEEN CAPITOL AND LABOR

Program of Conference of Fifteen to be Determined Upon Plan Not Yet Made Public

Washington, Nov. 7—The program for a "conference of fifteen" to find a way out of the war between capital and labor, will very shortly be named by the President. The labor program has already been determined upon but the details of the plan to bring about peace have not been put in concise form or made public. The main problem is an agreement of certain principles of industrial relations which can be suggested to employers and employees as a friendly guide and to national law makers as a beacon light to legislative enactments.

LATE OHIO RETURNS ARE AGAINST A "DRY" U. S.

State Wide Prohibition Upheld But They Fail to Ratify the Federal Prohibition Amendment

Columbus, Nov. 7.—It is supposed the defeat of the national prohibition amendment in Tuesday's referendum nullifies the state's ratification and makes void the proclamation of three-fourths of the states had ratified the measure. This declaration of liberal leaders was made today when practically complete returns showed the voters of Ohio expressed their disapproval of the state legislation actions ratifying the measure by a majority of 10,000.

FORD & KLAAS MARKET 10,000 BUSHEL APPLES THIS SEASON

Have Fine Yield From Orchard in the East Part of County; Realize $8,000 From Sales

Ford & Klaas finished barreling their apples last week from their 80-acre farm west of town, and the yield was very fair in Jonathans, but only a fair crop in Missouri Pippins and Ben Davis. They realized about $8,000 from their orchard this year. Their entire orchard was carefully sprayed and the fruit was in good condition. They had about 10,000 bushels which they put upon the market. They had 4,000 bushels of Jonathans, 1250 of Missouri Pippins and about 1,000 bushels of Ben Davis and Ganos.

They made several hundred gallons of cider from the inferior fruit.—Parnell Sentinel.

UNUSED RED CROSS FUNDS RETURNED TO DONERS

Pre-dated Checks Not Cashed Since Last January; Collected for Active War Relief

Parties who have predated checks last August to assure a year's work for the Red Cross in Polk township, are being returned the unused checks. No checks have been cashed since last January as the active needs for which this money was collected is over and there was enough funds on hand to pay up all the townships war obligations.

Returning these uncashed subscriptions just now is very opportune for the Red Cross membership drive. Funds and co-operation in Red Cross work is just as necessary now as then but instead of for relief at the front, it is for community and disaster relief and to promote national good health.

Opposed to German Trade.

Melbourne, Nov. 7.—Premier Hughes has told Australians that if they want trade relations with Germany they had better get a new Premier. He means it. A few days later certain German goods which had been imported via America were seized by the customs officials and ordered destroyed.

S. S. PROGRESS IN PAST FIVE YEARS

PRESENT RECORD OF NODAWAY COUNTY IS FINE

MANY ATTENDED MEET

G. B. Roseberry, President of County Association, Submits Comparative Statement of Growth

The Nodaway county Sunday school association expects to lead all the counties of the state at the Missouri state convention Nov. 18-21, in its percentage on increase in membership, departmental work, class organization and other points on which progress is based.

They not only expect to take the head, but are going to, and have the following report to substantiate their claim. This report shows untiring zeal and effort on the part of the county president, G. B. Roseberry, and his assistant workers, who have every reason to feel pride in their success. This report is a comparative one with that of five years ago:

1914—50 Sunday schools; now 62 schools.

1914 — 11 cradle rolls, enrollment 185; now 59 cradle rools with 963 enrollment.

1914—15 schools using graded lessons; now 43.

1914—8 home departments, enrollment 174; now 46 departments with 606 enrollment.

1914—22 mission departments; now 47.

1914—No temperance departments reported; now 42.

1914 — 8 schools with separation rooms; now 29.

1914—11 schools with reguar workers' conference; now 34.

1914 — 22 schools with organized classes; now 70.

1914 — 3 teachers' training classes with 37 enrolled; now 16 classes, enrolment 188.

1914—Total number enrolled, 6,874; now 7,234.

The Nodaway county association has challenged the Buchanan county association to have more delegates at the state convention at Kansas City than the former. A similar challenge has been sent by Buchanan county to the Platte county association and this friendly rivalry between the county organizations is adding considerable interest to the coming convention and creating a strong desire on the part of all the Nodaway county members to attend. Prominent Sunday school workers from all over the United States will be at the meeting.

RED CROSS MEMBERSHIP DRIVE WELL ON THE WAY

City Reports Good Progress; Rural District Solicitations Necessarily Slow On Account of the Rain

Mrs. F. S. King, Polk township chairman and F. P. Robinson city chairman of the Red Cross membership drive, givea much encouraging report of the work today than yesterday, but have not yet been able to give any totaled report of collections made.

The solicitors are busy and in most cases are meeting with good success. A good number of volunteer memberships have been turned in at the city banks. On account of the rainy weather, the work in rural districts is necessarily slow but as far as the territory has been canvassed it is showing a good result.

MARYVILLE SPEAKERS ATTEND BURLINGTON JUNCTION MEET

Rev. R. E. Snodgrass, G. B. Roseberry and Judge Sayler Go to Clearmont Meeting Tonight

Rev. R. E. Snodgrass, G. B. Roseberry and Judge J. H. Sayler went to Burlington Junction last night to attend a dinner given by the Christian church there in the interest of the "Missouri Movement", which is a campaign among the churches of that denomination to raise two million dollars for the five colleges in the state under their auspices.

The Maryville men and others from the Burlinton Junction membership talked in the interest of the work. A delegation composed of the same three men and Fred Newlon will go to Clearmont tonight to attend a similar meeting.

Minute men will speak in all the Christian churches of the county Sunday in support of the this campaign.

PRESIDENT WILL ACCEPT RESERVATIONS TO TREATY

Which Are Acceptable to the Friends of the Treaty, Says Senator Hitchcock

Washington, Nov. 7—President Wilson will accept reservations to the treaty of Versailles which are acceptable to the friends of the treaty and which will not nullify the league of nations. Senator Hitchcock made this statement afer spending half an hour wih the president and laying before the executive the treaty situation in the senate.

WORKMAN DIVORCE SUIT IN CIRCUIT COURT TODAY

The Lyle Road Case Was Satisfactorily Settled Out of Court This Morning

A hotly contested divorce suit is being heard in circuit court this afternoon before Judge Dawson, Mrs. Ella Workman suing George Workman. Mrs. Workman was allowed by the court $200 as suit money and $300 as attorney fees, which were paid by the defendant.

Mrs. Workman in her petition gives indigninties as the grounds for the divorce. She testified that the defendant did not provide her with clothes enough to properly clothe herself, and also during a sick spell she was not provided with a nurse. It is said that Workman is worth between $40,000 and $50,000. Cook & Cummins are representing the plaintiff and W. G. Sawyers and Fred Harvey the defendant.

The road case of Robert Lyle, which was up in circuit court yesterday, was settled out of court this morning when Mr. Lyle accepted an offer of $150 damages for the land which will be taken off of his farm in the widening of the road and for removing his back fence. The road is located east of the Martha Washington school house. The commissioners appointed by the court assessed Mr. Lyle's damages at $50 and he took an appeal to circuit court.

MAINE LEGISLATION WOULD SOLVE HIGH COST OF LIVING

Bill for Bonus of $100 to Each of 3,000 Men From Maine in Service Presented

Augusta, Me., Nov. 7.—A bill involving the high cost of living, intending to stop profiteering and the hoarding of food and providing heavy penalties for violations will be presented to the special session of the Maine Legislature which convenes this week.

Bills granting a bonus of $100 to each of the 30,000 men from Maine who served in the great war and providing for a Soldiers' Bonus Board will also be presented.

Other measures provide for the authorization of State bonds for not exceeding $3,000,000 of which $2,000,000 would be used for construction of State highways and $1,000,000 for the building intra-state, inter-state and international bridges.

GOVERNMENT AND LABOR LEADERS EACH "STAND PAT"

ANNUL EASTERN TRAINS

Sixty-five Trains Entering Chicago Taken From Schedule for Strike Duration

Washington, Nov. 7.—The government will continue its injunction proceedings against the leaders of the coal strike. The president's cabinet made this decision today after considering the protests which the organized labor leaders made against the proceedings.

This announcement was made by Secretary Lansing on leaving the cabinet meeting. The entire time of the cabinet meeting was spent in listening to Secretary Wilson, who refused to state whether he had argued against injunction proceedings or asked to have them vacated. It was understood that Secretary Wilson made a plea for vacation of the injunction, but met little response. "'Twas just a half hour wasted," was the statement of Secretary Glass, as he left the meeting.

Washington, Nov. 7.—"The Department of Justice will not surrender," declared Attorney General Palmer today after a conference with Samuel Gompers, president of the American Federation of Labor, and other labor leaders, who urged him to take steps to have the government vacate injunction proceedings against the mine workers' officials. The coal strike situation is practically unchanged. "There must be unconditional surrender," was the additional statement of Palmer.

John Lewis, president of the mine workers' union, will go to jail before he will rescind the strike order without what he considers a satisfactory settlement, according to an official statement issued today by Edgar Wallace, Washington representative of the mine workers.

"The strike will go on even though they all go to jail," declared Wallace. "The miners have shown so far no need of leaders in this strike. The men were driven to strike by economic necessity and were forced into the strike by the operators."

Chicago, Nov. 7.—Sixty-five passenger trains entering Chicago were taken from the railroad schedules today for the duration of the coal strike.

This suspension of service was ordered in compliance with the request of the railroad administration to curtail train service as much as possible to preserve the present supply of coal.

Denver, Nov. 7.—Little change is apparent today in the coal strike situation in Colorado. The production in the southern fields is increasing, but the northern fields are tied up completely.

Cheyenne, Wyo., Nov. 7.—Word is being anxiously awaited here today from the officials of District 22 of mine workers who are in Indianapolis conferring with the international officers in an effort to have the strike called off. The fuel situation at Casper is acute.

"Hank of Hair" Worth $250

Cleveland, Ohio, Nov. 7.—Mrs. Ethel Manley valued a "hank of hair" at $3,000. She sued Mrs. Jennie Meikle for that sum, alleging that said "hank of hair" had been forcibly pulled form her head during a fight. A score of hairpins and a handful of hair were placed in evidence, the jury looked 'em over and returned a verdict of $250.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

TOOK ONLY LIQUID FOOD FOR MONTHS

So Weak Couldn't Raise Head From Pillow — Is Well and Strong Now

"I suffered for twelve long years and was operated on five different times and had the very best treatment money could get, but I never got any relief until I commenced taking Tanlac," said Mrs. Eliza Magga, who lives at 621½ East Washington St., Springfield, Ill., while talking to a Tanlac representative the other day.

"When they took me home from the hospital the last time," she continued, "I only weighed about seventy-five pounds, and my family and friends had given up all hope of my ever getting well again. I was actually so weak I couldn't raise by head from my pillow. I was suffering from a general nervous breakdown, and my stomach was in such bad condition that for months and months I took nothing but liquid food. I had cramping spells nearly every day, and the pain was often so great I could hardly stand it. Then, too, I suffered a great deal with pains across the small of my back. My nervous condition kept me from ever getting a good night's sleep, and of course this was very much against me. I was very much discouraged over my condition, and all I could do was just lie there in bed and suffer day after day.

"While I was in this condition a friend of mine who called to see me told me about the experience a member of her family had had with Tanlac, and told me that she wanted me to get a bottle of this medicine and try it. I really thought it seemed foolish for me to take an advertised medicine after all the treatment I had been having. However, my husband brought home a bottle and I commenced taking it. Well, I hardly know how to tell you about the wonderful relief that came to me soon after I commenced taking this medicine. It really seems more like a miracle to me than anything else. Why, in just a short time I began to get hungry, and when I ate anything I didn't suffer from it afterwards. Of course this gave me strength and before very long I was able to get out of bed and sit up a little every day. Then in a short time I was able to stay up all day long, and when night came on I could go to bed and sleep just fine all night. I haven't had a single backset since, and now I am a perfectly well woman again. I have no signs of my former troubles at all, I have gotten back all I lost in weight, which is over twenty pounds, and have completely regained my strength. I feel that I owe it to the world to tell what this wonderful medicine has done for me, and I never lose an opportunity to tell my friends and acquaintances about it."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Coster Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, in Hopkins by Hopkins Drugs Co., and in Parnell by F. L. Hart." ADV.

Guilty of Manslaughter.

Clarinda, Ia., Nov. 7.—After being out nine hours, the jury in the case of Thomas Howard, charged with the murder of Ted Welsh, a returned soldier from Creston, returned a verdict early yesterday of guilty of manslaughter in the second degree. Howard's only comment when the verdict was read was "That's pretty tough." Howard will be sentenced Saturday.

The murder took place during the county fair.

NEBRASKA GOVERNOR INSPECTS MISSOURI'S NEW CAPITOL

Commission Delegated to Supervise New State House for Nebraska Is Taking Notes

Jefferson City, Nov. 7. — Governor McKelvie of Nebraska and a party of state officials comprising the commission to build the new capitol in that state was here last night for an inspection of the Missouri state house. In the absence of Governor Gardner, who left yesterday for Tulsa, Okla., to deliver an address today at a reunion of Missourians, Governor McKelvie was entertained by A. A. Speer of the Missouri capitol commission.

MISSOURI STATE NEWS.

St. Louis, Nov. 7. — The wheels of the machinery for enforcement of the Volsted prohibition act in the eastern district of Missouri were at a standstill today while United States Attorney Hensley, his staff of assistants and lawyers for five St. Louis breweries were preparing briefs to submit to Federal Judge John C. Pollock of Topeka, Kan., sitting in the federal court here to decide the injunction proceedings brought by the breweries to restrain enforcement of the dry law.

Following a denunciation of the rights of the federal government to "step in and determine what is to be done regarding the manufacture and sale of intoxicating liquor, if there is a state government left," Judge Pollock had arranged a "gentlemen's agreement with the district attorney whereby all prosecutions under the law are halted until a decision is rendered as to the constitutionality of the law." He gave each side five days to prepare its briefs and stated that he would give a decision as soon thereafter as possible. It is believed the decision will be rendered within a week or ten days.

In the meantime, under the terms of the agreement, the district attorney and Collector of Internal Revenue Moore may proceed to gather information for future use, but all prosecutions already instituted are halted and no other prosecutions will be inaugurated until the case is settled in the district, which comprises over fifty counties.

St. Louis, Nov. 7.—A forecast of a warm contest over the question of unionization of school teachers and their affiliation with organized labor during the Missouri state teachers association convention which began here today, was seen in the efforts of the three hundred teachers belonging to the St. Louis branch of the American Federation of Teachers to have L. V. Lampson, national organizer and vice president of that federation placed on the speaking program at the opening session of the convention in the Coliseum. The St. Louis federation, which is affiliated with the American Federation of Labor, requested Miss T. C. Gecks, president of the state association, to arrange for Lampson to reply to the address of Dr. George Strayer of Columbia University, New York, who was to speak today on "The Professional Organization of Teachers." The failure to place Lampson's name on the program had caused some dissatisfaction, it was learned, in the ranks of the St. Louis teachers. It is believed that this foreshadows a possible attempt to have the entire state organization turned into a teachers' union affiliated with the American Federation of Labor for the purpose of obtaining pay increases.

Sedalia, Nov. 7.—Arrangements have been completed for the first annual convention of the Missouri State Republican Club at Moberly, on Nov. 11, it was announced here by Harvey D. Dow, the president. Dow said either Governor Lowden of Illinois, of Governor Allen of Kansas will probably be the principal speaker. Republican organization leaders, both men and women, are expected to attend.

Montgomery, Nov. 7.—Suit has been instituted against Clay See, president of the Farmers National Bank at New Florence, Mo., by his mother, Mrs. May See, 88 years old, to recover $18,800 which is alleged to be back rent due on her 240 acre farm. The son, in his reply, declares that he has paid the rent in full.

DAIRY EXPERTS TOURING UNITED STATES AND CANADA

Will Buy Animal to be Sent Overseas for Foundation of Herds in Devastated Country

Toronto, Ont., Nov. 7.—A commission of French dairy experts is making a tour of the dairy farms of the United States and Canada to purchase animals to be shipped overseas for foundation herds in the devastated areas of France.

The commissioners have announced they will buy 3,000 animals as quickly as they can be selected for immediate shipment. If the cattle prove satisfactory later purchases will be larger. Two percent of the animals will be bulls.

The dairy industry in France was seriously crippled by the war. The German occupation left hardly a dairy cow in the northeastern district. France is urgently in need of thousands of dairy cattle to re-establish the herds wiped out by the war.

CAMPAIGN AGAINST ILLEGAL MOTOR BOAT DUCK HUNTERS

State Fish and Game Commissioner Notifies Deputy Wardens to Break up Practice

Jefferson City, Mo., Nov. 7.—State Fish and Game Commissioner Tim Birmingham has written every deputy game warden in the state urging that they put forth every effort to break up the practice of hunting ducks on the Missouri and Mississippi rivers from Motor boats. To stimulate the campaign against these illegal hunters, he offered a bonus of $15 to the first deputy who obtains a conviction. He stated that he expects to spend several days with a large force of deputies at each point on the two rivers where the practice of duck hunting from motorboats is indulged in.

Liberal Contribution of Hens.

That the average hen offers from 80 to 100 eggs a year as her contribution to the three-quarter billion dollar poultry crop, which the United States is now producing annually, is stated by government estimators. It is probable, however, that the poultry crop for 1919 will total nearly a billion dollars. This, if realized, will mean an increase of over 30% over 1917. This is due both to greater production of produce and greater values.

While the average vocabulary consists of about 3,500 words — that is, words that one recognizes when seen —few men use more than 2,000 in oral or written speech.

The nine most used words in the English language are: And, be, have, it, of, the, to, will, you.

Cloth Top Shoes

of Styles and Quality

Cloth tops are becoming very modish in the east, and thereis a mighty good reason. In the first place they are a lot cheaper than all-leather shoes, and second they are really very handsome and very high quality for the money.

We are showing a full line of cloth tops in the most popular colors and both high and military heel and a comparison of the prices with the same shoes in all-leather will show you the extent of the saving possible by taking advantage of these prices.

High heel, black kid, cloth top $9.00
—Same in all leather would cost you $12.

Military heel, black kid, cloth top $8.50
—Same in all leather, $12.

High heel, brown kid, cloth top $10.00
—Same in all leather, $14.50

Military heel, brown kid, cloth top $10.00
—Same in all leather, $13.50

Military heel, brown calf, cloth top $9.00
—Same in all leather, $12.

High heel, gray kid, cloth top $10.00
—Same in all leather, $15.

Isn't that sufficient proof of the superiority of

The New Edison

The Phonograph With a Soul.

Perhaps you have not heard one of these public demonstrations, where the artist sings with the phonograph and suddenly stops and lets the New Edison go ahead with the Re-Creation of the voice—so perfect that you can't tell the difference.

If you have not heard the demonstration, come to our store and we will play some of your favorites on the New Edison and even without the presence of the artist you will be able to see the difference between RE-CREATION and IMITATION.

COAL SHORTAGE SERIOUS SITUATION IN MISSOURI

St. Louis Industries May be Compelled to Shut Down: University Supply is Nearly Exhausted

St. Louis, Nov. 7. — The situation caused by the coal strike was little changed in this section of Missouri this morning. An order from the fuel administration in Washington giving to the St. Louis district coal held at East St. Louis and other nearby Illinois points served to relieve the situation somewhat, while at the same time reports were coming in to the regional coal committee of shortages and prospective shortages in various places. It was stated by Paul H. Greenlaw, chairman of the committee, that if the strike lasts another week many industries in St. Louis and the surrounding territory will have to close down. In order to conserve the supply the committee has instructed dealers to sell but one ton of coal to a family.

Reports from various communities told of efforts being made to conserve the supply. The Shelbina and Northwestern railroad, one report said, had only enough coal to last several days and after that is exhausted is either going to suspend operations or try burning wood in its engines. The road operates between Shelbina and Novelty, Missouri.

A Columbia, Mo., dispatch said that the Missouri University is facing a coal famine and may be forced to close for a short time. The cold wave which settled down on the state last night was expected to cause the supply to be exhausted within a few days.

SHRINERS' BIG TIME

Hundreds of Fez Men Expected in St. Joseph to Attend Ceremonial Session November 14

Moila Temple Shriners will have a great ceremonial session Nov. 14 when hundreds of the fraternity in this part of the country will assemble in St. Joseph. There will be two hundred in a class to be initiated. Des Moines, Lincoln, Omaha, Kansas City, Springfield, Fort Scott and Topeka will send delegations.

Some of the temples will go by special train and expect to send brass bands. There will be a parade in the afternoon, followed by a banquet in the Auditorium in that city. A ball will follow the ceremonial session.

Many Shriners from Maryville will attend this meeting.

Angus Show Herd Here.

The Aberdeen-Angus herd of show cattle, formerly the property of C. D. and E. F. Caldwell, but now belonging to George Parsons of Rutherford, Ala., arrived here the last of the week from a victorious circuit of the eastern and southern fairs. They will be kept here until the 15th, when they will be taken to Kansas City to be shown at the American Royal.

The herd is in charge of Bob Johnson, the veteran herdsman ,who was in the employ of the Caldwells for several years, but is now herdsman for George Parsons. After the show season the cattle will be sent to Louisville, Ky., where Parsons has established a farm. Bob Johnson will make his home there. Mrs. Johnson and daughter, Miss Helen, who are visiting relatives at Estol, will go to Louisville when Mr. Johnson locates there. —Burlington Junction Post.

Surprise Choir Memmebrs.

Mrs. Lloyd Lyle, a recent bride, and Miss Ruth Hankins, who left this morning for Ada, Okla., where she will be head of the violin department of the State Normal School, were honor guests last night at a surprise buffet luncheon tendered them by the First Methodist church choir, of which they are members. The affair was given at the Conservatory of Music studio following the regular weekly choir practice. The choir members presented Mrs. Lyle with an electric grill and a box of handkerchiefs was given to Miss Hankins. Those in attendance included Dr. and Mrs. Gilbert S. Cox, Mr. and Mrs. Harry Mutz, Mr. and Mrs. L. B. Tracy, Mr. and Mrs. Ernest Hartness, Mr. and Mrs. L. E. Ziegler, Misses Vada Foland, Blanche Alexander, Gladys Ford, Ruth Houchens, Matie Price, Johnny Clark, Ilene Kemp, Ruby Irwin, Mary Irwin, Mary Sewell, Helen Dean, Alyce Leeper, Maria Hart, Bess Scott, May Corwin, Jennie Garrett, Dr. Jessie Clark, Vern Moore, John Mutz and the honor guests.

Singery-Hanthorn.

Miss Ruth Singery of this city and Walter Franklin Hanthorn of Hazel, S. D., were married yesterday afternoon at 3 o'clock at the home of the bride's uncle and aunt, Mr. and Mrs. J. G. Harbison, 8 miles northeast of Maryville. The Rev. C. R. Green of Harmony performed the ceremony in the presence of thirty-seven relatives and intimate friends of the couple. Preceding the ceremony Miss Hazel Cox sang "I Love You Truly" (Bond), and as Miss Charlotte Green played "Mendelssohn's Wedding March" the bridal party took their places beneath an arch of autumn leaves and yellow and white flowers. During the ceremony "Melody of Love" (Englemann) was softly played. The bride wore a white organdie dress trimmed with baby Irish lace, and she carried an arm bouquet of white chrysanthemums.: Miss Naomi Singery sister of the bride, as bridesmaid, wore pale yellow organdie and carried a bouquet of yellow chrysanthemums. The bridegroom was attended by Lester Childress of Maryville. Dorothy Alice Craven, a cousin of the bride, was the ring bearer and carried the ring in a large white chrysanthemum. Following the ceremony a two-course luncheon, in which a yellow and white color scheme prevailed, was served. Those from a distance attending the wedding were Mrs. Frank McKee and daughter of Butler.

A Good Heater

You can't be too careful about the heating stove you buy, when fuel is scarce and high, because a stove that "eats fuel" will be a mighty expensive stove no matter how cheap you buy it.

All of our heaters were bought from the most responsible makers, and all of them are well-known makes that have been tested by thousands of users and found to give the best service and be economical in the use of feul.

They are made on the correct prineiple of heat radiation so that every particle of the heat in the coal is used to heat the house and is not shot up the chimney.

The prices of our heaters are very reasonable—but the kind of stove you get for the money is really the important thing, so you will have to come and see them in order to judge of their value.

ONE FOOD STAPLE NOW SOLD AT PRE-WAR PRICES--BEANS

"Beans for Your Supper, Beans for Your Dinner" to Beat the H. C. L. Game

Housekeepers who are trying to win out in the high cost of living game this winter should not forget to serve navy beans, says Miss Essie Heyle of the University of Missouri College of Agriculture. Navy beans are as cheap now as they were in 1915. During the war they rose in price, as did other foods, and in many cases exceeded the increase of other foodstuffs, since 1917 and 1918 they cost two and one-half times as much as they did in pre-war days. Navy beans now, however, are the one food that has come down in price until it is as cheap as it was before the war. Since beans are good body-building food they can at one or two meals each week take the place of meat. To thus serve them will save the thrifty housekeeper money.

GERMAN DUKES AND PRINCES REAPPEAR IN BERLIN

One by One They Creep Forth From Hiding Places; Kaiser Property Fate in Doubt

By Alfred G. Anderson.
International News Service Staff Correspondent

Berlin, Nov. 7.—German royalty is beginning to recover from the blow inflicted by the revolution. One by one the former dukes and princes creep forth from their hiding places and assert their claim to a place in the sun.

For instance, Karl Eduard, former Duke of Coburg-Gotha, appeared in the Gotha Civil Court yesterday and filed suit against the State of Gotha for the recovery of his fortune which was confiscated by the local government last July after he had refused to accept 10,000,000 marks as final settlement for his property.

Similar action has been taken in the court of Arolsen by the former Prince of Waldek-Pyrment.

The fate of the former Kaiser's property and that of his family is still in doubt. The Prussian government has just made an order authorizing former officials of the imperial family to continue the administration of the many landed estates and forests owned by William II and his relatives. The order cautiously provides for possible imperial lawsuits by authorizing the officials concerned to represent their former masters in court.

FURS! FURS!

Do you want to get all they are worth? If so let me see your bunch.

In War—In Peace.

It was a great event when the United War Work campaign of last fall raised over $200,000,000 from the American people of all creeds, races, parties and stations in life. It was the largest voluntary offering in all history. The sum is staggering. It showed what we are willing to do as a patriotic duty.

Did it ever occur to you what such a sum might do in time of peace when applied to relief work or social betterment? Are the social diseases a less menace in peace than in war? Are the sufferings of poor widows and orphans any less in peace than in war? Does the sting of cold when fuel cannot be bought, bite any deeper in war time than in peace time? Will we now forget the soldier whom we idolized a few months ago?

Two hundred million dollars could remedy tenement congestion, rout disease ,put those in good hospitals who cannot even call a police physician, rid our land of many a dark, vile hole of infquity and make this country a place where Bolshevism could not gain a foothold.

But back of that $200,000,000 was the willingness to give and sacrifice. This spirit carried into peace times will make this country great. But, alas, the war is over, greed comes boldly forth, and next will come the scandals of after the war. Patriotism is so short-lived, so often mere veneer.

Hard working men are more liable to kidney, liver and bowel disorders than others, therefore Prickly Ash Bitters is the worker's friend, because it keeps a man's vital organs in sound, vigorous condition. Price $1.25 per bottle. Maryville Drug Co. (Adv)

Disabled Soldiers at M. U.

Columbia, Nov. 7. — Sixty disabled soldiers are attending the University of Missouri at the expense of the national government. Thirty-three of these men are enrolled in the regular long university courses, while the other twenty-seven are taking special courses in the College of Agriculture.

While they are attending school the government allows disabled single men $80 a month for tuition and fees for a year and incidental equipment amounting to $40. The federal board selects the school which the disabled men are to attend. A representative of the government visits all schools where disabled service men are receiving training once every month.

All men who take advantage of the vocational training must stay in school continuously for twelve months unless training cannot be provided. If any voluntary vacations are taken payment stops for the truant .

Librarian on Vacation.
